By hearing the content of KLOVE broadcasts on my local station in Oklahoma City, I am made aware of both national and local issues. I also hear the uplifting Word of God in music that speaks to my soul. I also receive support through the KLOVE prayer ministry. I have listened to Christian programming on the radio for over 30 years, and I can honestly say that the KLOVE content is one of--if not THE--BEST I have had the priviledge to hear. I see the bumper stickers on so many cars in my Metro, I know it is adding great value to us in Oklahoma City, OK. I need it. I want it. I support it. Thank You.
